Energy Management

Flame Energy Management offers a specialist team of knowledgeable energy advisors, providing businesses with the most cost-effective energy solutions available. From bespoke energy procurement contracts, budget certainty with fixed price contracts or contract flexibility our experts provide guidance and support for every step of the procurement process and beyond. We offer a full energy management service providing facilities from the ground up. So, whether you

require a new meter, meter upgrade, contract procurement, CRC consultation, our team of Account Managers are on hand to ensure you receive the most suitable and cost-effective solution for your business in line with your individual procurement strategy. The accessibility of live energy market tracking ensures procurement is made at precisely the right time for you. Flame Energy, Powered to Save.

Why choose Flame UK?

Flame UK is one of the UK's leading independent waste and recycling, energy and utility management companies. With over 35 years of expertise and support management with some of the UK's biggest and most recognisable businesses from high street to shopping centres, schools to universities, logistics to manufacturing..... Flame UK service them.

We offer a fully mapped and integrated service individually tailored to our customers needs whilst ensuring full compliance and environmental impact is met.

Flame UK has a comprehensive service portfolio and a national network of partners enabling services to be carried out in compliance with government legislations. Our dedicated team will help to bespoke your commercial needs to make it simple and less time consuming for you, leaving you time to concentrate on running your business.
