PAT Testing Services

Our Nationwide PAT Testing service is carried out by qualified technicians who take the safety of your business and people within it seriously. The experience of many thousands of tests gives our team the knowledge to carry out tests and provide advice and support to maintain high levels of safety and keep your costs contained. Our certified testing equipment

ensures results are consistent, accurate and guarantees compliance immediately. Our investment in industry leading equipment enables us to deliver the most cost-effective P.A.T Testing service available. Swift and accurate electrical testing with compliance assured by Flame UK.

Why choose Flame UK?

Flame UK is one of the UK's leading independent waste and recycling, energy and utility management companies. With over 35 years of expertise and support management with some of the UK's biggest and most recognisable businesses from high street to shopping centres, schools to universities, logistics to manufacturing..... Flame UK service them.

We offer a fully mapped and integrated service individually tailored to our customers needs whilst ensuring full compliance and environmental impact is met.

Flame UK has a comprehensive service portfolio and a national network of partners enabling services to be carried out in compliance with government legislations. Our dedicated team will help to bespoke your commercial needs to make it simple and less time consuming for you, leaving you time to concentrate on running your business.
