# Waste Management

Flame UK, part of the Flame Business Services Group is one of the largest independent management companies within the waste and recycling markets, helping businesses across the country to manage their waste and recycling responsibly and cost effectively. Whether it's wheelie bins to compactors, at Flame UK our comprehensive waste and recycling services incorporate a wide range of solutions. Flame UK dedicated

account management team will provide you with the day to day operations exceeding your expectations and priorities whilst managing your budgets. Flame UK recognise that each and every business is individual and one of our waste and recycling experts will carry out a waste audit tailoring a solution for you. Providing added value for your other waste streams and additional facilities including Clinical, WEEE, Washrooms, etc.

## Why choose Flame UK?

Flame UK is one of the UK's leading independent waste and recycling ,energy and utility management companies. With over 35 years of expertise and support management with some of the UK's biggest and most recognisable businesses from high street to shopping centres, schools to universities, logistics to manufacturing..... Flame UK service them.

We offer a fully mapped and integrated service individually tailored to our customers needs whilst ensuring full compliance and environmental impact is met.

Flame UK has a comprehensive service portfolio and a national network of partners enabling services to be carried out in compliance with government legislations. Our dedicated team will help to bespoke your commercial needs to make it simple and less time consuming for you, leaving you time to concentrate on running your business.
