

# RWM 100 Baling Press

## Technical Specification

Medium-sized balers are great for businesses handling a notable amount of dry recyclable waste per week/month. But it is still difficult knowing which machine to invest in.

With a cycle time of only 28 seconds and an impressive press force, this new RWM 100 is fast becoming a popular choice. Users will benefit from a tidier and safer site, a fulfilled environmental conscience and significant cost savings by avoiding expensive lifts.

- Handles **cardboard, paper and plastic** with no fuss
- Produces neat bales of up to **10kg**
- **Hydraulically operated** with ergonomic design
- Suitable for both **indoor and outdoor use**
- **Most affordable** mid-sized baler
- Requires only a **low power supply**
- **CE approved**
- Available to **buy or rent**
- Full operator **training provided**
- 12 month **parts and labour warranty**
- Popular with businesses ranging from hotels to manufacturers
